Central teams	General	(CT) G1-B (CT) G2-B (CT) G3-B (CT) G4-B	Green DISC Representative Computing sustainability in induction procedures Central institutional repository for sustainability resources Green DISC dissemination	Coming soon!	Coming soon!
Central teams	Offices	(CT) O1-B (CT) O2-B (CT) O3-B	Purchase streams inventory E-waste processing streams and institution policy N/A		
Central teams	Data Storage	(CT) DS1-B (CT) DS2-B (CT) DS3-B	Data storage solutions inventory Data storage cleaning Data management training		
Central teams	Compute	(CT) HPC1-B (CT) HPC2-B (CT) HPC3-B	Computing infrastructure inventory Green computing best practices N/A		
Central teams	Others	(CT) Oth1-B	Anything else that you've done?		
		Version Last updated	2 06/10/2025		
Research groups	General	(RG) G1-B (RG) G2-B (RG) G3-B (RG) G4-B (RG) G5-B	Appoint a Green DISC Representative Include digital sustainability in induction procedures Share resources with other groups Disseminate this program in the institution N/A	(RG) G1-S (RG) G2-S (RG) G3-S (RG) G4-S (RG) G5-S	Coming soon!
				Regularly discuss digital sustainability in group meetings Train all group members in sustainable computing N/A N/A Embed sustainability in teaching delivered by the group	
Research groups	Offices	(RG) O1-B (RG) O2-B (RG) O3-B	Catalog the office IT equipment Document the "Reuse, Repair, Recycle" process for IT equipment N/A	(RG) O1-S (RG) O2-S (RG) O3-S	
				Request Life Cycle Assessments for the purchase of new IT equipment "Reuse, Repair, (Repurpose,) Recycle" is now common practice for IT equipment N/A	
Research groups	Data Storage	(RG) DS1-B (RG) DS2-B	Catalog the major data resources used Start a data cleaning process	(RG) DS1-S (RG) DS2-S	
				Implement data management plans for the major data resources controlled Regular data cleaning is now common practice	
Research groups	Compute	(RG) C1-B (RG) C2-B (RG) C3-B (RG) C4-B (RG) C5-B	Catalog the computing infrastructures used Identify the computing workflow hotspots Collect educational material on sustainable computing best practices N/A N/A	(RG) C1-S (RG) C2-S (RG) C3-S (RG) C4-S (RG) C5-S	Coming soon!
				Review the computing infrastructures used Estimate energy usage and environmental impacts of major workflows Create a group policy on limiting the team's digital environmental impacts Monitor and report computing usage and environmental impacts Include information on resource usage for software released by the group	
Research groups	Others	(RG) Oth1-B	Anything else that you've done?	(RG) Oth1-S	
				Anything else that you've done?
